

Operator Theory and Mathematical Physics

Prague, May 24-29, 2026

Tentative List of Participants (as of May 8, 2026)

1. **Ram Band** (Technion, Haifa)
2. **Marzieh Baradaran** (University of Hradec Králové)
3. **Jussi Behrndt** (Graz University of Technology)
4. **Ingrid Beltita** (“Simion Stoilow” Institute of Mathematics of the Romanian Academy)
5. **Alice Brolin** (Stockholm University)
6. **Domenico Cafiero** (Polytechnic University of Milan)
7. **Raffaella Carlone** (University of Naples Federico II)
8. **Biagio Cassano** (Campania University “L. Vanvitelli”)
9. **Goce Chadzitaskos** (Czech Technical University in Prague)
10. **Leonid Chaichenets** (Czech Technical University in Prague)
11. **Jaroslav Dittrich** (Nuclear Physics Institute of the Czech Academy of Sciences)
12. **Paolo Facchi** (University of Bari)
13. **Mina Farag** (Stockholm University)
14. **Davide Fermi** (Polytechnic University of Milan)
15. **Martin Fraas** (University of California, Davis) *online*
16. **Pedro Freitas** (University of Lisbon)
17. **Borbala Gerhat** (Institute of Science and Technology, Austria)
18. **Fritz Gesztesy** (Baylor University) *online*
19. **Roy Goodman** (New Jersey Institute of Technology)
20. **Evans Harrell** (Georgia Institute of Technology)
21. **Markus Holzmann** (Graz University of Technology) *online*
22. **Vít Jakubský** (Nuclear Physics Institute of the Czech Academy of Sciences)
23. **Michal Jex** (Czech Technical University in Prague)
24. **Ayman Kachmar** (American University of Beirut)
25. **Karol Kampf** (Charles University, Prague)
26. **Jolana Kampfová** (Harvard University)
27. **Andrii Khrabustovskyi** (University of Hradec Králové)
28. **Sylwia Kondej** (University of Zielona Góra)
29. **Aleksey Kostenko** (University of Ljubljana)
30. **Jan Kříž** (University of Hradec Králové)
31. **Pavel Kurasov** (Stockholm University) *online*
32. **Ari Laptev** (Imperial College London and Mittag-Leffler Institute) *online*

33. **Jiří Lipovský** (University of Hradec Králové)
34. **Vladimir Lotoreichik** (Nuclear Physics Institute of the Czech Academy of Sciences)
35. **Anton Lunyov** (Meta Platforms, Inc)
36. **Arup Majumdar** (Institute of Mathematics of the Czech Academy of Sciences)
37. **Mark Malamud** (St. Petersburg State University)
38. **Andrea Mantile** (University of Reims)
39. **Oleksandr Minakov** (Charles University, Prague)
40. **Noema Nicolussi** (University of Innsbruck)
41. **Konstantin Pankrashkin** (University of Oldenburg)
42. **Saverio Pascazio** (University of Bari)
43. **Jan Pekař** (Nuclear Physics Institute of the Czech Academy of Sciences)
44. **Luboš Pick** (Charles University, Prague)
45. **Olaf Post** (University of Trier)
46. **Petr Siegl** (Graz University of Technology)
47. **Leszek Sirko** (Institute of Physics of the Polish Academy of Sciences)
48. **Uzy Smilansky** (Weizmann Institute of Science) *online*
49. **David Spitzkopf** (Nuclear Physics Institute of the Czech Academy of Sciences)
50. **Petr Šeba**
51. **František Štampach** (Czech Technical University in Prague)
52. **Martin Štefaňák** (Czech Technical University in Prague)
53. **Miloš Tater** (Nuclear Physics Institute of the Czech Academy of Sciences)
54. **Matěj Tušek** (Czech Technical University in Prague)
